

Kidz Bites Lyrics

WHERE DOES MY FOOD COME FROM?

Intro:

Ba ba ba ba
Ba ba ba ba ba ba ba ba
Ba ba ba ba
Ba ba ba ba

Verse 1:

So simple and sweet
Carrots and cucumbers
I'd like to eat them every day
Does food grow on trees?
Or is it made in factories?
And how would I know anyway?
The big white label on the side of my jar
Says my favourite marmalade
Is made in Qatar

Chorus:

Where does my food come from?
I want to know
Where does my food come from?
Please tell me so
Why would I eat food from so far away?
When it's growing across the street
Where does my food come from?
I want to know

Bridge:

Fresh is the best
Organic when you can
Local, homegrown
Avoid the food spam
The closer the food
The fresher it is
I don't want my nutrition
To be travel sick

Chorus:

Where does my food come from?
I want to know
Where does my food come from?
Please tell me so
Why would I eat food from so far away?
When it's growing across the street
Where does my food come from?
I want to know

Outro:

Ba ba ba ba
Ba ba ba ba ba ba ba ba
